WARNS G.O.P. ON TAX PROPOSAL

Chairman of House Comitee Says Step Would Defeat Party

URGES REDUCTION

Suggests Higher Levies on Whiskey, Tobacco and Passenger Autos—Urges Excess Profits Repeal.

Washington, Feb. 10.—Warning the House that the mounting wave of high taxation would no roll back without a sharp and sweeping reduction in Government expenditures, Chairman Good, of the Appropriations Committee, declared yesterday the time had come to call a halt.

In his warning Mr. Good came out emphatically against the proposed sales tax, declaring:

"The party that is so foolish as to place a sales tax on teh backs and bellies of the American people would go down to a humiliating defeat, because the people of the United States would not stand for it."

Figures almost too big for comprehension by the average man were hurled over the heads of members as Mr. Good, in dramatic fashion, told of the vast sums expended and the growing appeals for more. There was a shout of approval when he insisted that the appropriations bills must be passed before the change of administrations March 4, so that the framers of a new tariff law may know the amount of cloth out of which they must patch the nation's coat.

Laying down the definite policy that expenses must be cut before there is talk of lower taxes, Mr. Good insisted that appropriations for the year beginning next July should be kept within $3,500,000,000, virtually the sum recommended in the big supply measures for that period.

Mr. Good's plea for Government economy was made in presenting the first deficiency bill for the present year, carrying a total of $203,000,000 Democratic members of the committee declared there would be other deficiency sums, and Representative Byrnes, Democrat, South Carolina, declared direct appropriations this year already had passed the $5,000,000,000 mark. This stupendous sum could best be understood, Mr. Byrnes added, by the fact that in order to meet it the Government must levy an average tax of $30 on every man, woman and child in America.

In suggesting methods of raising revenue without making the burden on the individual more severe than it has been since the early days of the war, Mr. Good said he doubted if a tariff law could raise more than $400,000,000 without disturbing international trade relations.

Urging repeal of the excess profits tax, Mr. Good said:

"We shall not need the revenues that have been brought in by the excess profits tax if we will cut down appropriations. There is where we can pause to effect a saving. It will be a system of economy and the financing of temporary loans, such as our certificates of indebtedness, the war savings stamps and the Victory loan. It ought to be done by borrowing money, rather than by taxing the American people as we have done in the last two years."

Mr. Good said the higher tax of $6.40 a gallon should be imposed on withdrawal of liquors from bonded warehouses—liquors taken out for medicinal and used for beverage purposes. By lifting the tax from $2.20 he figured, the Treasury revenue would be increased from $50,000,000 to $100,000,000. By demanding the same tax on the tobacco industry that Great Britain collects, Mr. Good said, Treasury receipts from this commodity would jump from $300,000,000 to $500,000,000 a year. He also advocated a higher tax on passenger carrying automobiles, figuring on a revenue from this source of about $200,000,000, half of which should go, he thought, to the roads being used almost exclusively by such vehicles.

TELL MERCHANTS BRIGHT PROSPECTS

J. Y. Williams Addresses Retail Merchants' Bureau of C of C.

ELECT R. E. KNIGHT

Thirty-Eight Indorse Business Men's Luncheon—Entertainment Follows—Business Session.

Visions of a bigger and better Alexandria, prospects of rapid growth in commercial and industrial connections and an appeal to the civic pride of the business men of the city, were voiced in a short address by Julian Y. Williams, president of the Chamber of Commerce of this city when called upon last evening following the regular monthly business session of the Retail Merchants Bureau.

Mr. Williams spoke in glowing terms of the prospects now ahead of the city, went straight to the heart of the various complaints that he had heard, and urged the business men to boost their city with every word and action.

The business session was short, preceding the entertainment that had been prepared by the entertainment committee. Chairman—Director B. Weil presided for the last time and after R. E. Knight had been unanimously elected to succeed him, he spoke of the co-operation and help that had been extended him during his term as presiding officer and promised his assistance in every undertaking in the future.

A report was made on the proposed business men's luncheon and a list of 38 names was turned over to the chairman. This list represented the number of men interviewed who had stated that they were in favor of the holding of this luncheon. The committee on signs advertising the city reported that the signs had been purchased and were ready to be put in place as soon as the weather became settled. The matter of co-operative buying by the grocers of the city was brought up and briefly discussed and further discussion was promised at the March meeting.

A committee is to be appointed for the purpose of investigating the reason for the majority of the soft drink parlors and drug stores of the city charging nine cents for a glass of Coca-Cola. It was reported that some of the stores had reduced the price of this drink and that a number of tourists visiting the city lately had commented on the fact and had stated that Alexandria was the only city in the east where they had been forced to pay this price.

The meeting was then turned over to the entertainment committee which had secured several excellent acts, furnished by the U. S. Producing Company, of Washington. The instrumental music of the evening was furnished by Ilch's Alexandria Orchestra.

The first act on the program was a vocal act by Miss Selinger and she was recalled several times and was finally forced to complete the program with additional numbers. The second act was a black-face presentation by Otto Woerner and he was well received as was the team act by Clarke and Clarke, Ida Clarke rendered several beautiful selections on the accordeon.

Set Aside $30,000

Masons to Look After Orphans' Home in Virginia

Richmond, Va., Feb. 10.—Capitation tax on members of subordinate or Blue lodges of the Masonic lodge in Virginia will be raised $1 by virtue of a motion, which was made and carried last night at the second session of the annual meeting of the Grand Lodge of Virginia, held in Masonic Temple. The resolution was introduced after a motion had been put and carried to appropriate $30,000 for an additional wing to the Masonic Orphans' Home, located on Nine Mile Road, near Richmond.

The second session resolved itself last night into one of the busiest which has ever been held here, hundreds attending and much business being done. There was a great deal of new business introduced, among which was a resolution doing away with the book of names, which was not carried.

Committees appointed by the grand master Tuesday met yesterday morning and held preliminary meetings. Special cars took the visiting delegates to the Masonic Home yesterday afternon and the institution was inspected.

The grand lodge will hold its concluding session this morning at 10 o'clock and will probably adjourn about 3 p. m. Election of officers and appointment of more committees by the new grand master will be made.

More than 1,000 Shriners are expected to attend a ceremonial and business session, which will be held by Acca Temple today, beginning at 5:30 o'clock at Masonic Temple. Candidates are instructed to report at 5 o'clock and a banquet will be given shortly after to the official divan, the sand patrol and candidates.

This is one of the five meetings which the Shrine holds in Richmond annually, and elaborate preparations have been made for the affair by Illustrious Potentate Walker C. Cottrell. This is the first meeting at which Potentate Cottrell will greet the Shrine as a potentate, his election having only been made in December. Scores of the Masons in atendance on the grand lodge are expected to remain over for the Shrine session.

Degree Of Pocahontas

Silver Moon Council Organized Last Night—Installation Feb. 28.

A large delegation of Red Men and their wives and friends met last night and organized Silver Moon Council, Degree of Pocahontas, the ladies auxiliary to the Red Men. The meeting was held in Knights of Pythias Hall and was presided over by Deputy Great Sachem Henry R. Padgett. The charter list was closed and forwarded to the Great Chiefs of the Great Council of Virginia for the charter for the new council.

The following chiefs were elected to preside over Silver Moon Council for the next six months:

Prophetess, Mrs. Mabel Roop; Pocahontas, Mrs. Eleanor A. Sullivan; Wenonah, Mrs. Rena F. Padgett; Powhatan, Mr. Henry R. Padgett; Keeper of Records, Miss Erva Kemper; Keeper of Wampum, Miss Ruth Smith; Collector of Wampum, Miss Elizabeth Hibbs.

The Pocahontas appointed the following to serve on her staff; 1st scout, Miss Helen Davis; 2nd scout, Miss Ruby Dettor; Guard of Forrest, Miss Lillian Davis Guard of Tepee, Miss Betty Runaldue; 1st Councilor, Miss Anna Parks; 2nd councilor, Miss Cora Barnhouse; Warriors, Miss Frances Schuyler, Miss Lillian Simms, Miss Olive Davis and Mrs. Phanetta Rawlings. Degree Captain, Mrs. Mable Roop.

The following were appointed the reception committee to entertain the Great Chiefs while in the city: Mrs. Irene Baader, Miss Olive Davis, Mrs. Mollie Sullivan, Miss Maggie Gill and Mrs. Mabel Roop.

The next preliminary meeting will be held on Monday, February 21.

On Monday night, February 28, the Great Chiefs of the Great Council of Virginia will trail to Alexandria and install the new chiefs of the baby council and one of the councils from Washington, D. C., will confer the degree for the new organization, and a large delegation is expected to be present.

COMMUTERS WILL CONFER WITH SYME

Attorney to Make Report Tonight to Executive Committee

TROLLEY BOOST CASE

Not Known Here When Interstate Commerce Commission Will Hear Case of W-Va., Railway

The executive commitee of the Mount Vernon Division Commuters' Association tonight at 8 o'clock will hold a conference with Attorney Conrad Syme, of Washington, in the rooms of the Chamber of Commerce relative to his progress in the effort to defeat the move of the Washington-Virginia Railway Company to put into operation the proposed fare boost next Sunday.

The meeting will be attended it is stated by a committe of three each from the Citizens' Association and from the Chamber of Commerce.

Attorney Syme will it is expected tell of the progress made in the case thus far.

This will be the first meeting of the executive committee since a number of the members of the association on February 2 at the Chamber of Commerce heard statements made by the representatives of the trolley line when they gave their reasons for asking for an increase in fare.

Whether or not the Interstate Commission has fixed upon a date for the hearing of the case it is not known in this city.

Some time ago a petition against the increase was filed with the Interstate Commerce Commission by the various interests in Alexandria opposing the proposition.

To Address Women

Mrs. Park, Chairman of National League of Women Voters, Here February 18

Mrs. Maud Wood Park, chairman of the National League of Women Voters, will address the Alexandria branch of the league on Friday, February 18.

This address by the national chairman is of particular interest to the women of this city, in view of the announcement by the board of the National League of Women Voters now holding the third regional conference in Atlanta, of a call for the second annual convention to be held in Cleveland, Ohio, April 11-16.

Complete plans for the convention were made by the executive board, which held an all day session yesterday. At the close of the afternoon conference Mrs. George Gellhorn, St. Louis, vice chairman of the convention committee, announced that the reports from the organization department to the treasurer's office "show such tremendous growth" as to indicate that the slogan for the convention, "A delegate from every congressional district in the country," would be fulfilled, with many visitors in addition.

"This extraordinary growth is largely due to the initiative of individual leaders," said Mrs. Maud Wood Park, Washington, D. C., chairman of the national league, "therefore the board, in co-operation with the convention committee, has decided to make "President's night, one of the chief features of the convention program. At this time state chairman will exchange the intersting methods they have put into effect to accomplish the growth of their state organizations and to further the main aim of the league —an intelligent electorate."

Every congressional district in the United States of America is expected to answer the call, and send a delegate.

MARRIED IN PHILADELPHIA

Announcement has been made of the marriage of Miss Ruth F. Gerlacher, daughter of Mr. and Mrs. William H. Gerlacher, of this city, and Mr. Samuel R. Beard, of Tamaqua, Penna., which occurred in Philadelphia yesterday afternoon. Mr. and Mrs. Beard will reside in Tamaqua Penna.

Lecture Monday Night

L. O. Armstrong's Subject From Labrador to Alaska"

The Y. M. C. A. announces a most extraordinary lecture next Monday evening at eight o'clock at the Alexandria High School audiorium. L. O. Armstrong, of Canada, is to lecture on the subject, "From Labrador to Alaska," for the High School students and their friends.

Mr. Armstrong has been traveling in the north and northwest for many years and is with the Canadian Pacific Railroad and represents the road throughout the world in its publicity work. He has perhaps the most remarkable moving pictures ever taken of the north country and these will be used to illustrate his talk.

The Bureau of Commercial Economic, of Washington, which has been furnishing the pictures for the Y. M. C. A., offered to have Mr. Armstrong come to Alexandria and Secretary Wallace at once offered him to the High School, and the offer was gladly accepted. The lecture will be free and while it is hoped that all of the High School students will avail themselves of the unusual opportunity to see the pictures and hear the lecture, it is also believed that there will be room for many of the families or friends of the students to attend.

Dry Agent Trial

Testified Bottle Was Passed Around by Prohibition Inspectors

Manassas, Va., Feb. 10.—The prosecution in the third trial of W. C. Hall, former State prohibition inspector, on a charge of murdering Raymond Shackelford and Lawrence Hudson, alleged bootleggers, rested its case late yesterday after nearly a score of witnesses for the defense took the stand nesses had been heard. Several witbefore court adjourned for the day.

Manassas, Va., Feb. 10.—Prohibition officers, who shot and killed two alleged whisky runners at Fisher's Hill two years ago, were on the scene two or three hours after the battle drinking from a bottle, J. C.Goode, whose home is within 200 yards of the place, today told the jury trying William C. Hall for murder.

Goode testified he heard no shots, which were said to have caused the two men's death at 3 a. m., March 26, 1919, but that between 5 and 6 o'clock that morning he saw the prohibition inspectors pass a bottle among them before they asked him for direction to the nearest sheriff's office.

H. C. A. Funk, a Winchester undertaker, testified as to wounds on the body of Raymond Shackelford, one of the dead men. He said Shackelford could not have been shot as he was if he had had his hand in the automobile wheel. On cross-examination, defense attorneys indicated Funk's testimony would be used to substantiate defense testimony Shackelford had fired at Hall.

Forgetfulness and confusion of former testimony caused ripples of merriment to pass over the Prince William County courtroom when it was star witness for the prosecution, flatly contradicted some of his former statements while under a grilling cross-examination by Hall's attorneys late yesterday afternoon.

Bly, who resides only a short distance from the place where the two automobiles stopped, testified that he heard the shooting, and from a window saw the flashes made by the revolvers in the exchange of shots between the prohibition officers and the alleged whiskey runners.

The cross-examination of Bly revealed that he was confused in regard to his testimony in the two former trials and he flatly contradicted some of his statements made at that time. This bewilderment of the witness caused evident amusement among the spectators, who, notwithstanding this is the third time Hall has faced a jury on the same charge, packed the courtroom to capacity.

Cornmeal Week Urged As Aid to Farmers

Washington, Feb. 10.—A "national cornmeal week," the first part of April as a means of helping the farmer get a better price for his product is proposed in a resolution introduced today by Representative Reavis, Republican, Nebraska.

Representative Reavis thinks most folks would enjoy a stack of hot cakes each morning and that those who aren't keen on cakes would like a bowl of hush.

NEW ENTERPRISE FOR CITY ASSURED

Chas. L. Stockhausen of Baltimore Gets Plant

ENDS COURT SUIT

Property Acquired is Plant of the General Shipbuilding Corporation—Expect to get Title in Three Weeks.

This city soon will have another substantial manufacturing enterprise, it is announed. The firm of Charles L. Stockhausen incorporated, of Baltimore, has been victorious in its suit in the United States Court of Appeals in Richmond to secure the buildings and grounds of the General Shipbuilding Corporation on the river front in the northeastern section of the city. This property includes several acres of ground suitable for almost any kind of manufacturing business.

Some time ago the property was sold at public auction and knocked down to Arthur H. Bryant, of this city, he being the highest bidder.

An upset bid was put in by the Charles L. Stockhauser Inc., for $50,600 and the property was sold to them. The case came up in the Federal court here and was appealed with the foregoing result.

The purchasers expect within the next three weeks to obtain a title to the property. They are engaged in a general contracting and building business on an extensive scale.

What purpose the purchasers propose to use the property for has not yet been announced.

Hold Down Accidents

Police Complimented For Enforcing Laws

Despite the adverse comment of some persons regarding the strict enforcement of the traffic laws the majority of citizens heartily favor their strict enforcement according to opinions expresed today to a representative of the Gazette who interviewed a number of automobile owners.

One citizen remarked: "What is the use of having laws if they are not enforced."

He also commended the police for the action Sunday, adding that were it not for the police there would have been accidents that day.

The police feel gratified that they have during the past year kept down the number of traffic accidents to a minimum compared to other cities. This they ascribe as being due to a rigid enforcement of the traffic laws. During the year just closed there has not been a single loss of life or serious accident at a street crossing despite the ever increasing number of automobiles in the city. The police feel particularly proud of this achievement.

Short Haired Women Barred From Zion City

Chicago, Feb. 10.—Women with short hair, bass voices and a fondness for publicity and men with spats, middle names and tearoom mustaches were warned away from Zion City yesterday in the regular Tuesday morning sermon of Overseer Wilbur Glenn Voliva.

Addressing his flock, the apostle denounced women in Congress and men in velour hats. Here is the way he pounded home some of his points:

"God never intended that a woman should go around wearing breeches and suspenders and felt hats.

"It is an outrage the way some of these women stand around on street corners bowling like short-horn bulls.

"Let us take the word of God that the man is the head of the house.

"No woman will ever preach in Zion's Church; I tell you that right now.

"If any women in this town want to be men and I find out about it, I'll knock 'em on the head."

A musical and literary treat is in store for you at the Young Peoples' Building, Friday night, 11th instant, at 8 o'clock. Junior Guards entertainment. Admission 35 cents.

TO-DAY'S THOUGHTS

Aristotle was once asked what a friend is, and his answer was, "one soul abiding in two bodies."

Diogenes Laertius.

Alexandria's Wholesale Business.

We do not hear much from the estimable gentlemen who compose the jobbers and wholesalers of the city. We know from the city directory that there are such enterprises, but by word of mouth or written vocable we have but rare intimation. In the new Alexandria, which is at present laying its foundations deep, silent, but sure—there will be final need of utterance to the world at large.

We believe Alexandria is almost without rival as a jobbing market. We predict that the time is on its way when the arteries of commerce will pulsate with the life-fluid of the city's best and greatest enterprises. We do not question the energy and brains that we know is existent among our wholesalers; we only ask that there be some visible and tangible evidence of these qualities that their neighbors and fellow-citizens may derive inspiration and encouragement therefrom.

Retail Merchants Meeting.

The regular meeting of the Retail Merchants Bureau last night, was in the best sense a get-together occasion. After the routine work was finished, there were many impromptu speeches made by the members that were suggestive, helpful, and original. We do not flatter when we say that the personnel of this organization is equal in appearance and make-up to any picked body of our representatives at Washington. They showed themselves last night to be a thinking set of men, fully alive to present conditions in merchandising, and progressive in ther outlook.

The gem of the occasion, however, was a half-hour's talk by the president of the Chamber of Commerce. Colonel Williams said a whole newspaper-full in his little talk. It was witty, wise, and eloquent. He stirred the members up to a high pitch of enthusiasm, and the effect will be abiding and of great good to the city. It should have been heard by the entire membership. A significant comment of his was the quotation of a compliment paid by the National Chamber of Commerce, through its president, to our home organization.

The affair was concluded by an entertainment of music, song, and dance, that smoothed out the wrinkled brows of business and made the older men remember once again the days of their youth.

Modern "Rain Makers" Will Use Liquid Air

London, Feb. 10.—Bringing down rain by the firing of cannon, the old theory said to have been disproved during the war, is to be improved upon.

Two ex-officers of the royal air force have started a company at Port Arthur for the purpose of rain making by aeroplanes.

Their scheme is to create showers by spraying liquid air from an aeroplane, thus causing the moisture in the atmosphere to condense and fall to earth.

House Vanished From City Lot, Owner Asserts

Chicago, Feb. 10.—J. Vac Wichle appealed to the police today to help him seek his three-story frame residence which some one kidnapped from its foundation.

"I think they must be holding it for ransom," he told the officers. "I value the house at $5,000. I'm glad they didn't take the lot, too."

Van Wichle discovered his loss yesterday, when he took a prospective buyer out to look at the property. All that remained was the sidewalk running around to where the back door used to be.

Police sent a message to all stations to be on the lookout for the stolen house.

It's an Uphill Pull for Polish Boys

Bare feet and tattered clothes, little to eat and less to wear, such is the fate of thousands of children in central and eastern Europe. These boys in Poland are only a sample of the 3,500,000 destitute youngsters that the European Relief Council plans to help through the cold days of the coming winter. To that end eight great organizations in America have merged to form the Council, the chairman of which is Herbert Hoover. Under his leadership the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A. have decided to co-operate jointly to raise $33,000,000 to help the European children over the hill.

WHITE HOUSE GARDEN PARTIES TO BE REVIVED

Washington, Feb. 10.—Extensive arrangements for beautifying the White House lawn and gardens are being made, it was learned yesterday, in preparation for the occupancy of the Executive Mansion by President elect and Mrs. Harding.

Six thousand pansies have been planted in the north and south gardens, as well as many tulips, and the rose gardens, which were an innovation of the Wilson administration, are to be enlarged.

Details of the improvement about the lawn and in the gardens are being left to the direction of Mrs. Harding, who on her visits here already has manifested a lively interest in plans for new landscape gardening.

During the summer months, it is understood, Mrs. Harding plans to entertain with garden parties in the south gardens, and it is said to be also a part of her plans to revive the Marine Band concerts on Saturday afternoons in the same part of the grounds.

CITY NEWS IN BRIEF

At 8:40 o'clock last night the police report a blast in this vicinity. Its cause could not be ascertained.

Mrs. J. B. Watkins is visiting her son and daughter-in-law, Mr. and Mrs. C. Luckett Watkins, in Roanoke, Va.

During the month of January the health department reports there were forty-one births and twenty-five deaths in the city.

An "Old Virginia Supper" will be given in Lee Camp Hall this evening from 6 to 9 o'clock, by the Ladies' Aid Society of the Second Baptist Church.

During the past week the Southern Railway Company in this city has laid off twenty-five empolyees, including boilermakers, carpenters, and laborers.

The General Realty Corporation has sold to E. E. Barton house and lot 7, block 23, section 4, Rosemont and the same company has sold to Eldon L. Raison and Joseph V. Raison a house and lot in Braddock.

The Rev. Dr. D. H. Martin, of Trinity M. E. Church, will be the leader at the prayer meeting at the Anne Lee Memorial Home for the Aged, at 3 o'clock tomorrow afternoon.

There were only two cases called for trial in the police court today, one being a white man arrested by Chief Goods and Sergt. Wilkinson charged with being drunk on the street. He forfeited $5 collateral. The second was an automobilist charged by Policeman Lunsford with failing to have lights burning on his automobile. Justice Snow fined him $5.

Lloyd George Sees Dark Outlook Ahead

London, Feb. 10.—"We are engaged in a terrible task," said Premier Lloyd George in a speech to the Welsh National Liberal Council, in which he defended the coalition Government and pleaded ardently for a continuation of political unity.

He asked whether anyone could say that the need of unity had passed, and exclaimed: "I wish to God everybody could, because it worries me, it fills me sometimes with dread.

"If some one could tell me that the danger is past, some one with authority, some one with vision, some one whose word we could take. I should be so glad that I would sign my resignation tomorrow."

A world reeling under the most terrible blow ever dealt, was the way he described the situation of today; gigantic events were in the making and old factional fights among the various parties should not be resurrected until the peril was over.

Alluding to Ireland, he said the coalitionists had given Ireland a greater measure of home rule than either Gladstone or Asquith had proposed.

"But," he added, "they say they won't take it. They must have an Irish republic, an Irish army, an Irish navy. They won't get it, and if they don't get it, we are told, they will kill our policemen, our soldiers—not in open fighting, but hiding in homes, walking as respectable tenant farmers or swaggering along the road until they come to a hiding place, where they find rifles, passing perhaps the very policeman they are about the murder, as though they were innocent men. Are we to allow that sort of thing to be done without protecting the people we are sending there?"

Harding to Quit Boat And End Trip by Train

Daytona, Fla., Feb. 10.—After a day's outing in Seabreeze and Daytona, President- elect Harding returned to his stranded houseboat Victoria in Mosquito Lagoon last night to pack his baggage and to bid farewell to the vacation ship. All efforts to pull the Victoria out of the mud failedtoday and Mr. Harding decided not to wait longer for her to resume her northward cruise. He expects to come ashore tomorrow morning and complete his trip up the coast to St. Augustine by train.

The President-elect's return to the houseboat involved many difficulties, the party threading a narrowing jungle trail and picking a precarious way along a rickety pier to board the launch that took them out to the victoria.

Ban Put on Liquor Crossing U. S. Soil

Washington, Feb. 10.—Shipments of liquor from one foreign country to another, via the United States, are prohibited by the National Prohibition act, according to an opinion by Acting Attorney General Nebeker made public today by Asistant Secretary of the Treasury McLean.

Customs officials said that under the opinion, such liquor shipments would be denied transit through United States ports. The effect, according to prohibition officials, would be to cut off another source of illegal liquor supply, particularly with cessation of shipments from Canada to Cuba and Mexico.

Shipments from Canada through the United States, officials said, frequently have mysteriously disappeared in transit and while some have been traced from their origin in Canada as far as Detroit, many others were lost completely.

Iron Policeman Cause Of Autoist's Arrest

Birmingham, Ala. Feb. 10.—An iron policeman is given full credit for the arrest here yesterday of Frank Gore, a negro, charged with being the driver of an automobile which Saturday night struck and killed Waldon Bailey, aged 7, and seriously injured Jack Brewer aged 11.

A negro driving a big touring car was seen to speed away from the place of the accident and over a railway crossing where an iron figure with outstretched arms stands as a warning to motorists to slow down.

When he saw the "policeman" blocking the way the driver jumped from the car and fled. The automobile continued on its wild dash until it brought up against an embankment beside the railway tracks. The driver's hat and overcoat and letters in the coat, found in the machine, led to his identification and arrest.

Dougherty May Be New Cardinal, Says Report From Rome

Rome, Feb. 10.—It was stated yesterday in well informed Vatican quarters that the choice of any American Cardinal to succeed the late Cardinal Farley, of New York, now had been definitely narrowed down to the Most Rev. Dennis J. Dougherty, Archbishop of Philadelphia, and the Most Rev. George W. Mundelein, Archbishop of Chicago, one of whom it is stated, will be named by Pope Benedict at the next secret consistory.

The date of the consistory was definitely set for March 3, according to authoritative Vatican reports.

Among other new Cardinals, whose appointments is declared to have been decided upon, are Monsignor Karl Joseph Schulte, Archbishop of Cologne; Dr. Faulhaber, Archbishop of Munich, and Monsignor Francesco Ragonesi, Apostolic Nuncio at Madrid.

Taxi Driver Murdered, Robbed After Dance

Waynesboro, Pa., Feb. 10.—With a bullet hole in his head behind the left ear, his neck broken and robbed of his overcoat, watch, money and car, the body of Garfield Miller, aged 34, was found beside the road near Falling Waters this morning.

Miller, a taxi driver, was supposedly shot by a party of four young men with whom he was returning to Hagerstown after a dance at Martinburg. His body had been dragged a distance of sixty-five feet.

He is survived by his widow and a three-year-old daughter. No arrests have been made as yet.

Valley Farm Sells For Record Price, $584 an Acre

Harrisonburg, Va., Feb. 10.—A farm of eighteen acres, located about five miles west of Harrisonburg, recently sold for $584 an acres, according to the record of the deed in the county clark's office.

The farm, which is considered one of the finest in this section of the Valley, is improved by dwelling and necessary buildings, and is in a high state of cultivation. S. C. Heltzel, who sold the property purchased it about a year ago, when he decided to quit farming on a large scale. Decision to return to his former place is said to have caused the sale.

Newark Mayor's Banquet Leads To Raid By Dry Agents

Newark, N. J., Feb. 10.—Alleged violation of the Volstead act at a testimonial dinner given last night in honor of Mayor Charles P Gillen led to a raid today on the Krueger Auditorium, the scene of the banquet, and the seizure of wine, whisky and champagne.

Six prohibition enforcement agents, who raided the hall under direction of Harry E. Sands, of Washington, made affidavits that they attended the banquet and purchased liquor at an open bar. Sands said today that $30,000 worth of whisky and champagne seized last Monday in a stable was intended for last night's banquet.

America Means Salvation to These Little Ones

The European Relief Council, which seeks to raise $33,000,000 at the Christmas season, has been formed for the purpose of throwing the entire charitable energy of the United States into the vital task of providing food and medical assistance to 3,500,000 children in eastern and central Europe this winter. Representatives of eight great relief organizations, working independently, gathered overwhelming evidence that the plight of these unfortunates should take precedence in world charity until they are saved. The co-operating agencies which form the Council are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of the Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

NEAR EAST RELIEF FUND

About $60,000 remains to be raised in Virginia to complete the Old Dominion's quota of $175,000 in the work now being done in Eastern and Central Europe by Herbert Hoover's European Relief Council. All local committees are, therefore, continuing their work, though contributions are coming in slowly despite the great need for funds for immediate relief in the devastated sections.

Scattering reports are being received on the special performances given in the motion picture theatres of this State, the "Wonderland" at West Point, having sent in $42, the New Theatre Corporation, at Staunton, $46 and the Wells' houses in Richmond $337.50. Reports also show that $239 was realized from the observance of Invisible Guest Day in the Y. W. C. A. cafeteria in Richmond, and $175 in Lynchburg.

The country as a whole has more than passed the halfway mark in the $33,000,000 National Collection instituted in December by Hoover. Massachusetts has given $750,000; Vermont, $17,198; Rhode Island, $228,000; Maine, $64,054; New Hampshire, $50,000; Michigan, $75,000; Delaware $148,000; Ohio, $1,169 000; Minnesota, $442,000; Texas, $248,000; Washington, $214.000; Wisconsin, $328,000; Hawaiian Islands, $32,300; Alaska, $7,800. The United States citizens in the Canal Zone, Panama, have pledged $10,000 as a self assigned quota of about $3 per capita.

Mr. Bryan, chairman for Virginia, said today that the need is most urgent, as many sections of Europe are in dire straits. The suffering is especially intense among the children of the better classes, the educated middle-class which forms the bulwark of every nation, the college professors, profesional men, and government clerks. As a mere quesction of good business policy, the United States must aid these countries, from the standpoint of sound economic policy, as well as from motive of simple humanity. Virginia must do her part now as always, Her quota is comparatively small in relation to that of some other States.

ANTE-BELLUM MANSION BURNS AT WARRENTON

Warrenton, Va., Feb. 10.—The residence of James K. Maddux, of this place, was destroyed by fire at 2 o'clock this morning. This old residence was one of the historic places in this section being known as the old Governor Smith mansion. It was built some years prior to the War Between the States by Governor Smith, familiarly known as "Extra Billy" Smith and who was one of Virginia's war Governors.

The origin of the fire is traced to a defective flue which in some way set on fire the woodwork in the attic. A big masked ball was being given at the Country Club, and when the alarm was sounded the maskers responded in large numbers, together with the citizens of the town, and the sight of the fire-fighters in mask added color and excitement to the scene. The property was only partially insured.

Forgoten By Sheriff; Negro Still Must Hang

New Orleans, Feb. 10.—Attorney-General Coco announced late yesterday that Lonnie Eaton, a negro who has been living since February 4 because the sheriff forgot to hang him on that date, as had been directed in his sentence for murder, must be hanged unless the Board of Pardons recommends commutation of sentence.

In his opinion the Attorney-General said that as the trial court had sentenced Eaton to hang, the death sentence was in effect until carried out. The Governor's only part in the case, he said, was to set the date, and although the sheriff had overlooked the execution on the date set, there was no reason why it should not take place at another time.

Eaton was convicted of the murder of Charles McQuiller, a white planter, in December, 1917.

Fire Company Sues Clarke Countian For Services Rendered.

Winchester, Va., Feb. 10.—What is said to be the first case on record in this section of a fire company suing a property owner for services rendered will come before Judge Whiting in the Circuit Court of Clarke County, at Berryville, when the Rouss Fire Company, of Winchester, asks for $350, alleged to be due on a contract, from Moses O'Brien.

The plaintiff states that when Mr. O'Brien's mansion was afire, near Berryville, he telephoned here for assistance, and that he agreed during a hurried telephone conversation to pay the fixed charges for mileage and services rendered.

The company claims it saved the property from destruction and fulfilled its contract, and that Mr. O'Brien has refused to pay on the ground that he made no contract, and that the company cannot sue. The company has shown, however, it was incorporated some years ago. Each side is to be represented by an array of legal talent.

Woman Jumps Into Bath Tub in Effort to Foil Dry Sleuths

Greenville, S. C., Feb. 10.—Police yesterday discovered a 75-gallon capacity whisky distillery in full operation at the home of George Hail, in a fashionable residential section. A siphon suction system emptied the liquor through faucets into a bathtub. When officers arrived a woman hopped into the tub and splashed around in an effort to throw off suspicion, but the aroma was too strong.

BANK LOSS COMPLETEDY COVERED BY INSURANCE

Wakefield, Va., Feb. 10.—The Bank of Sussex and Surry, which was robbed a few days ago made the following announcement here yesterday following a meeting of the board of directors.

"The recent robbery of the Bank of Sussex and Surry resulted in the loss of about $30,000 worth of Liberty bonds and war sivings stamps, practically all of which are registered.

"Customers of the bank will not suffer any loss, as same is amply covered by insurance. Liberal reward will be paid for the return of any papers carried off."

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenrhu, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance.

SAYS CHASCO-VIN RESTORED HER TO PERFECT HEALTH

Will Always Recommend It Because of Its Quick and Happy Results

Mrs. Susie Tiller, 769 Pine St. Camden, N. J., writes: "I suffered from a run-down system for a long time. It affected my appetite and nervous system and I wasn't interested in anything.

"After reading about Chasco-Vin I made up my mind to try it. As I finished up the first bottle I felt ever so much better. I am now on the second bottle and I believe that will be all I need to put me in perfect health. I will always recommend Chasco-Vin. It is a wonderful tonic."

Chasco-Vin is pleasant to take and children like it. It is a Strength-Creating Tonic, for both young and old, containing tasteless cod liver extract, hypophosphites, iron and malt and other blood-making ingredients.

Usually one or two bottles will increase the strength and vitality of those who are weak and run-down as much as 100 per cent in two weeks time.

Chasco-Vin is sold only by specially appointed agents, in Alexandria the agent is Edgar Warfield, jr.

For ordinary coughs take Chasco Koff Knocker. For slight colds, take Chasco Kold Knockers, made by the Mfgs of Chasco-Vin.

U. OF VA. STUDENTS BEGIN WEEK'S DRIVE FOR NEW GYM

Charlottesville, Va., Feb. 10.—One hundred and eighty students of the University of Virginia began a whirl wind campaign here today among the student body of the University to raise $300,000 to build a new gymnasium as the undergraduate contribution to the University's Centennial Endowment Fund.

The campaign was launched at a mass meeting attended by more than a thousand students and addressed by fund officials and members of the students' committee.

A committee of twenty is directing the student campaign and is divided into several sub-committees including executive, publicity and statistics. Ten teams headed by a captain and containing fifteen student solicitors began the active canvassing of the student body. The preliminary returns forecast the success of the movement

To visualize the movement a mammoth architect's drawing of the new gymnasium designed by Professor Fiske Kimball of the School of Fine Arts will be displayed at the campaign headquarters and unveiled from day to day to show the progress of the fund.

IN MEMORIAM

Departed this life three years ago, February 10, 1918, CHARLES F. CRONK.

When you departed from us the sun was high and bright,
And you passed to heaven before the coming of night;
On earth your life was given to beautiful deeds and now in heaven we know you will do whatever God needs.
Dear father, you were kind and good to us all,
So now we all miss your dear, sweet loving call;
No one to guide us as in those days gone by,
But we believe you are watching us and always will.

Your devoted daughter, Annie, 35-1p and son-in-law, Charlie.

SPORTS

All is in readiness for the big game of the season tonight at Armory Hall when the Potomac Council of Washington will tackle the Fitzgerald Council. The Potomacs are represented by the Aloysius Club and as this will be the only appearance of this team in this city this season, it is hoped that all basketball fans will avail themselves of the opportunity of seeing the wonderful bunch of players in action. Game will start at 8:15 p. m., and will be refereed by J. J. Nugent, of Holy Cross, and Jack Sullivan, of Georgetown University.

The Dreadnaught basketball team journeyed to Quantico yesterday for a return game with the Marines and landed another victory to their credit, the score being 29 to 24. It was the hardest fought game this season, but all the local boys proved basketgetters.

Tonight the Dreadnaughts will hold a special meeting in their club room and business pertaining to the coming season's activities will be considered together with general business of the club.

Tomorrow, Friday, at 8:15 p. m., at Armory Hall the Dreadnaught basketball team will face the Riggs A. C. of Washington. The visitors come recommended and a snappy game is promised, and if things seems slow around town and entertainment is what you are looking for, Armory Hall is the place, and they are off at 8:15 p. m.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 15c and 30c a box

Children at the Bread Kitchens

Three and a half million children in eastern and central Europe wait, gaunt and pinched like these, at the American kitchens for the hot soup and bread that means life to them. In the winters since the Armistice, America has been the one friend that had food to give them. It is a common sight in Europe today to see a child five or six years old whose head has not healed. With a healthy well fed baby the skull should close before two years. America must see these children through the rigors of another winter, and to that end eight great relief organizations have combined into the European Relief Council, who seek to raise $33,000,000 to save this generation of Europe from death by starvation and the diseases that come with under-feeding.

WAGON LOADS OF NEED LIKE THIS IN POLAND are a commonplace sight on hundreds of roads in Europe. More than 1,308,000 Polish children received free American meals every day during the height of last winter. This winter the situation will undoubtedly be worse, as it will be in Austria and other portions left economically dazed by war. To prevent the greatest tragedy to children that the world has ever known, eight great American organizations, under the name of the European Relief Council, are seeking $33,000,000 for food and medical assistance.

ARLINGTON BURIAL FOR UNKNOWN HERO PLANNED

Washington, Feb. 10.—Military funeral rites of a general officer would be accorded an American soldier now sleeping with the unknown dead in France under plans outlined yesterday by Secretary Baker. They were communicated to Congressional military committees in connection with formulating estimates of the cost of returning the body for ceremonial burial in Arlington National cemetery as a tribute to the hero dead.

Ford

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coalyard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

Corby Bread Provides What the Children Ought to Have

There is more nourishment in a loaf of CORBY BREAD than you realize until you consider of what it is made---not overlooking how it is made. Because HOW it is made maximizes the nourishing value of WHAT it is made.

CORBY formulas have been scientifically compiled. They require the highest standard of purity and nutritive quality. We use most unusual quantities of rich milk---in itself an important nourishing element---While this patented mixing process of ours develops ALL THE GLUTEN STRENGTH OF THE FLOUR---not possible in any other way; or by any other known means.

So with your care for the children's diet let the bread they eat be CORBY BREAD---by reason of its superior food value.

CORBY BREAD is made right here in Alexandria and delivered fresh from our ovens direct to your grocer and delicatessen.

Pure as Mother Made It.
